Prayer bulletin – Meet the students

Our dear friends, faithful supporters,
brothers and sisters ...

Here we are again communicating with you! We have just started our 15th year at the Bible School. We praise the Lord that according to His mercy He is the one who leads us on in this ministry and in His work ahead. Thank you that you will be with us during this year by supporting us with your prayers, visits, finance and everything we need. We are grateful as well to teachers who will be coming this year to teach our students.

The first year students will present themselves here. We ask you kindly to use this bulletin in your prayers, both personally and in your churches or house meetings.

I will be in Cape Town, South Africa, from 15th October, where I will be attending the 3rd Lausanne Congress. It is expected to be attended by 4500 leaders from about 200 countries all over the world and from churches which proclaim the gospel. This is the big event that has been prepared for many years and it will be focused on evangelizing people who don't know Jesus. As one of the representatives of our country my prayer and task is to present the Congress vision to the Christians of this region. Please pray that this time will be really useful and bring blessings to our churches and fellowships.

May God's peace and joy be with you in the days that are coming.

Yours sincerely in Christ,

Sladjan and Jaroslava Milenkovic, with the HUB team and Bible School students

Arnesa Beshic

Arnesa Beshic from Visoko, Bosnia

I am here in the School because I strongly believe that I will grow in Christ for His glory. The desire of my heart is for God to completely change my life and for me to find out as much as possible about Him.

I am grateful to my Lord Jesus Christ for the plan He has got for me and for the time I will spend in this School. Thank you.

Nikola Ginevski

Nikola Ginevski from Skopje, Macedonia

I have come to HUB so that I can learn more about God's Word. I believe that this will help me in my ministry in the local church where the Lord has called me. I expect that God will work in me and that He will show me personally His will for my Christian life.

Dejan Stevanovic

Dejan Stevanovic from Belgrade, Serbia

I am a former heroin addict. I signed up for this school in order to get to know God better through His Word and to have my views widened. I think I have a calling to work with young people. I believe that this period will be useful for my personal growth and for what the Lord has got for me. I need your prayers and support.

Pray for us!

Igor Savic from Sremska Mitrovica, Serbia

In the begining I wish to point out how happy I am to attend this school. I believe that in this school I will gain knowledge of the Scriptures as a whole and improve and shape up what I already know. I am sure I am in God's will at the moment and I want to ask the Lord about my future calling. What I desire is to start a house group, start a church in a town and to preach. These are my wishes but the most important is what God wants me to do and where He wants me to be. Thanks to everyone who prays for me.

I expect from my studying to grow in God and that He will be able to use me for His purposes. I desire to give His message with greater knowledge

and to deliver His Word to people who do not know Him. I am thankful to HUB that I can be a part of this school!

Eldina Husarkic

Eldina Husarkic from Tuzla, Bosnia

God has a plan for our lives and that is the reason I am completely sure He wanted me here. I want to know more about Him and His Word. The fellowship I am enjoying here is also for my own development. I am so happy that most of the day I can commit to studying His Word and Himself. Pray that I would spiritually grow everyday and He would clearly show me His will for my future.

Maja Mitrovic from Vrnjachka Banja, Serbia

This is my third semester and I am thankful to God for the time I have spent in the school.

Maja Mitrovic

The school means a lot to me because God has been building me for the ministry and I believe He will lead me on in my last semester.

I am thankful to God for the fellowship I have with Him in the school and with the believers. Thank you for your honest prayers and support during my stay here.

Fikret and Emilija Durakovski from Shtip, Macedonia

I had heard that HUB Bible School is one of the best and that is how I decided to study. I like everything: lectures, the team, fellowship... I am here to learn more about God and I believe that He will reveal to me things I could not understand before. My vision is that God will use through me everything He teaches me here. I wish to practice what I have learnt in Macedonia by continuing to work with Romi people or Turks. Please, do pray for me.

I decided to come to HUB because I had heard from all the people who had been here that it is great in every way. There are many good teachers giving our lectures. I was so happy to come here hoping that I would be able to learn more about God and to be refreshed in Him. My vision is, God's willing, to work in Sunday school and to be involved in children's ministry. I would also like God to use me in working with teenagers. Thanks to everyone who support me in prayers.

Sasha Nikolic from Vrnjachka Banja, Serbia

God had called me to come to the Bible School by an elder from my church a year before I decided to come. My honest wish is to practically use what I have learnt and to teach others the same.

I am now attending the third semester and I want to go back to my church in central Serbia, which could soon open a Rehab Center for drug addicts. I desire, with God's help, to help such people when I finish the school.

I have come to the Bible School to get to know God's Word better and then use it in my ministry. I believe this year will be a blessing for me and that God will show me where He wants to use me after the school. During the summer time I voluntarily help on camps for Child Mission org. My biggest wish is to become one of their workers. I have a desire to go to Montenegro as a missionary to work with children. Let the Lord point clearly to His will in this.
