

HUB and the Bible School Prayer Bulletin - March 2009.

Please pray for:

- A vision for our future ministry
- More opportunities to work with the churches in our region, especially those from Bosnia and Croatia
- The students who are about to graduate
- Wisdom in our ministry
- God's provision for our needs
- A good testimony in our local community

„God is working powerfully at the Bible School through the team, students and teachers! The new course is very significant for the church in the Balkans. Generation thirteen is a vibrant, wonderful group of men and women committed to reaching this region with the message of Jesus.”

Andy Mayo

*“Trust in Him at all times, O people; pour out your hearts to Him, for God is our refuge”
Ps. 62:8*

Dear friends and prayer partners who always stand alongside us...

Your faithful prayers, encouragement and support throughout all these years are greatly appreciated.

We are grateful for another opportunity to testify of God's faithfulness and His blessings in our lives, and to inform both individuals and churches alike about our ministry at present and our vision for its further development.

The time seems to have flown by very quickly and we are already at the end of the second term. During the term the first-year students have been thoroughly studying the Bible books, while the second-year students have been benefiting from many practical courses. Once again we all benefited from the faithful ministry of many great teachers from Serbia and abroad.

During the term we continued with our regular Sunday visits to local churches, where the students had many opportunities to serve and the teachers to share from the Word. These moments were precious to us because the churches could learn about our ministry and the students about the ways God is working in our churches.

“What a great blessing to experience the people and culture of Serbia. What great hospitality!”

It was a privilege to get to know the students at HUB. They were so attentive and serious about their subjects.

May the Lord bless all the young students and raise up hundreds of churches to reach Serbia for Christ.” **Richard Hall**, a teacher - visiting Serbia for the first time

„I am grateful to God for the opportunity to study at school. I have been much satisfied and blessed here and have already learned so much through the studies during this term and the fellowship with other students.”

Dragana, from Vrdnik

Soon at HUB...

In the next term we will host a Disabled Ministry seminar at HUB. The Disabled Ministry is already part of the second year curriculum, and this is the opportunity to offer it and share with all those interested in this ministry.

“This will be a pioneering step in our society, one that will make people become more conscious about those with disabilities and their needs. In addition, I hope that this seminar will also be beneficial and helpful to the disabled people like me; those who need much love, attention and understanding.” **Elenka**, a team member and a former student

Thank you for your continuous prayers for our ministry.

Many greetings to your families and churches.

We keep on persevering in God's strength.

Your fellow servants Christ,

Sladjan and Jaroslava M.

Sladjan and Jaroslava Milenković
with the students and the HUB team

We will introduce the students in the following bulletins.
