

MISSION FIELD HOUSE UPDATE

From: Naphtali Enwongulu

Sent: 14 October 2010 14:37

Greetings.

The past five months have been a busy and fruitful time for me. I have been receiving invitations to minister in various churches and conferences in that we see a lot of people coming to know the Lord Jesus and accepting him as Lord, and a number of them are eager to go into full time missionary work. Recently I had the opportunity of going to Kenya to attend the 10th anniversary of AEA where I was challenged to take a greater responsibility towards the church in Africa as we lead the world's missions. After that I visited the field in northern Kenya that is run by CAPRO where for seven years there have not been a single indigene who came to know the Lord so it is a challenge for us to pray. I came back with renewed vision and challenges. Pray for the Makamanza field in Kenya.

OUR FIELDS

1) Mada Station- In Mada Station we saw a number of converts over the few months where discipleship meetings are going on regularly we have four of our staff members there.

2) Asangyen- There are two staff members and about fifty five new converts where there is follow up going on for them . Please pray for them. We will tell you about other fields next time. Our yearly convention is on 17th- 21st November 2010. In this convention number of thousand of people converge. We need God's wisdom , strength, grace and above all his presence to organize the convention. Pray for God's protection, provision for the meeting. Thanks

From your brother Naphtali.
