

News from Shalom Christian Centre, Pakistan November 2010

A response to the floods in Pakistan

We all saw on television how bad the situation was for many families in Pakistan. But AMEN Trustees also heard that it was particularly tough for Christian families who were always "last in line" for any help that did become available.

AMEN Trustees felt that this was a God opportunity and made a donation from our small emergency fund to be used by our partner in Pakistan to help these people. Many churches heard about this and decided to help - we are so very grateful for the support and love shown by these supporters.

The reaction of our partner Edwin was humbling - *"I am overjoyed to receive this gift - I was very sad that we could not see any way that we could do anything. But our Lord is great. He knows our hearts and our feelings. May God bless you all at AMEN"*.

Over 100 families have been helped with cooking pots and ladles, cooking oil, detergents, soap, sanitary pads, shoes, warm clothes and other basic necessities.

The people who received these joined together in worship and praised God that He had sent His own people to help them.

Praise God that we have together been able to make a difference to the lives of our Christian brothers and sisters in Pakistan
