

Tender Heart – Micro Enterprise Scheme – April 2009

On the 7th of April we provided micro loans to 13 women who completed a tailoring course with us in the past. They are all going to set up small businesses to earn their living.

We were able to give 12 Tailoring Machines and one Jig Jag Machine (Embroidery and different design Machine) with the support of the AMEN Micro Enterprise project.

All of the women testified to us how this machine is going to be a blessing to them and help them feed their entire family. All of them promised us that they would pay back the money within one year from their earnings. We have given them good quality machines because we believe that whatever we do for the Lord, we need to do the Best.

Before we gave them machine we song few songs, shared the Love of God and prayed with them, thanking God for the gift.

And we pass on thanks to all those who made this project possible.

Francis and Alison
