

Grace & Light prayer update

Thank you for praying for Grace & Light and for all your encouragement. The situation in Jos (where the head office is) kept showing me that this life is brief, whether one is living with HIV or cancer or living healthily. It becomes a big lesson that we have to make the best use of our time for God while it lasts. We continue to see life and wealth being destroyed. We had to cancel three visions this past weekend due the uncertainties of security around us. We continue to praise the Lord for His faithfulness in keeping us through it all. We also thank you for praying.

Burnt out cars in Jos

Work has been going on with very slow pace because of the few number of teams and volunteers active now, but we continue to touch lives in our small way with the few on ground. It is always exciting to see the number of people being helped as HIV positive or as negative living a new life for God or rededicated lives to serve Christ better.

Vision sharing

One major prayer request for for us and some teams in Nigeria is for volunteer training coming up from 15-18 September. The target is to train 35 volunteers to strengthen a number of teams. We have been receiving different questions from some of the people concerning the security issues in the Plateau. Please pray that there will be peace enough to not discourage people from coming and that the training will help us to move forward. We are not half way to realizing our target for the year. Pray that the Lord will lead us to a place where we will be satisfied with the result and for our teams to improve in terms of both quantity and quality of ministry achieved.

Join us to praise the Lord for the liberation of one of our members who was freed from the bondage of secrecy for the past 32 years. Mrs. Andong came to openness after hearing our message of living in the Light because we are children of God during a vision shared in her church. She had suffered guilt with something she had hidden from her family and finally when spoken to by the word of God that faithful Sunday decided to open up. According to her..." I now sleep well and don't feel any health problems although it is not very easy with my husband and children, I feel so free". Continue to pray that the Lord will give peace to all that are hurting in the process especially her husband who wants her out of his house and restoration of her home at the end.

In His Love,
Tassie
