

Official Opening of the Casa Vietii

On Thursday 24th October 2013 we celebrated the Opening at our Casa Vietii centre, with great joy. I can tell it was such a special moment because many people came including the complete board and their family and friends who've been very supportive to us and different teachers and doctors from the town.

We had pastor Florin saying a prayer and I presented the Programs of Casa Vietii and our staff. People could see our centre and everybody now knows that we have the gates open for our community.
