Creating Culturally Relevant Media

Another Year of God's Faithfulness

Dear VFC Partner, Happy New Year! Every week VFC volunteers gather together for prayer and study of God's word. At the end of 2016, each person shared what God had done in their life this past year. Testimonies of forgiveness, drawing closer to God in the last year, perseverance, being cared for by community through health issues, and being born again were shared around the table over tea. We praise God for those He brings to VFC, their heart to serve, and for Him allowing us to be a part of each person's journey of knowing our Lord and Savior more and more.

By God's grace, the Dzungka Puppet Show and the Kuvi Natcho projects were finished, copied, and approximately 2,000 DVD's of each were delivered to Bhutan and Orissa in November. Three people, Caroline, Handel and Edison, made the trip and were able to be present for the release of the Kuvi Natcho. In a village where eight years ago, there were only a handful of believers, the DVD was released at a new church dedication with nearly 600 believers worshipping the Lord. Due to unforeseen circumstances VFC was not able to film as planned in November however a trip in March is shaping up for filming another project for the Kuvi people. Keep praying for eyes of the Kuvi people group to be opened to the glorious truth of our Lord and Savior.

CURRENT PROJECTS

Rwanda Film

Praise God a young man from Salem who came last week to help with translation of the Rwandan Film. This film that focuses on forgiveness, was initiated and written by Rwandan students who long to see the power of forgiveness and healing in their country. Pray for the editing and translation process as it takes place in the coming months.

Deditos Project

While in the UK last year, Caroline was able to connect with a man in South America who does exceptional work with finger puppets. Deditos, are a series of finger puppet videos telling stories of the Bible. However, these are no ordinary finger puppet videos, such detail has gone into the puppets, sets, and filming. The organization has given VFC the rights to dub 8 episodes into Tamil. The first 4 episodes are translated and need to be recorded. The remaining 4 episodes still need to be translated.

Join us in prayer for...

- ◆ The trip to Orissa in March. Pray that the filming process would go smoothly and that with a limited "crew" each person would stay healthy and be sustained by the Lord's hand with the long intense days.
- ◆ The current projects to be finished in the next few months with the Lord's guidance and help.
- ◆ God to be glorified in all that VFC does!

Thank you for your partnership! God Bless.
