

# A BIG THANK YOU

A big thank you to all of you who took part in the sponsored walk and helped fundraise to build this school in Benue State, Nigeria. The school opened during the end of September 2016.

Here are some photos of the building work from start to finish as well as the children who are now, thanks to you, attending school. Thank you so much for helping these children have a better future

Land given for school

Building work begins

Work continues

Roof timbers fixed

Roof on

Plastering, windows and flooring

School completed

Children attending registration event to join the school – August 2016

The children working hard learning in their new school

Children showing us their books 😊

The children in their new school uniforms.
