## Rora Children's Camp June 2017

The first day we started with showers! All the children was excited to see the showers and hot water! After one or two hours few of them they came back to ask me:

*Can we take a shower again?*

On the last day of the camp they came to us and asked:

*Can we stay here another week?*

## God is...

The camp was great! It was **their first time living away from home for seven days!**

At first it was challenging (for the children) with the idea of a schedule/program! They wanted to do what they wanted when they wanted! But after two days they understood the concept and we had great time together!

In the morning Elena lead the bible stories, songs and the craft! The topic was “God is...” and every day it was something different: Creator, Father, Friend etc. In the evenings I was the Story Teller! We read six stories from Max Lucado about Punchinello!

**A great way to connect them with the idea of a great Father who loves us as we are and He wants the best for us!**

## ***Comments from volunteers***

"...at home a lot of people are asking me how it was. I tell them all about it and sometimes I can't stop talking about it... I ask myself what's really important in life..."

*Anita, dutch volunteer*

"I was surprised that the stories behind the children touched me so much because I already knew how they live. I love children and I really hold them close in my heart..."

*Lidy, dutch volunteer*

"It was the most beautiful experience for me; I'm happy that I meet beautiful and special people like you, I learned many new things. Thank you for this wonderful experience! I love you!"

*Claudia, young romanian volunteer*

## Claudia's story

Claudia is a young girl from Rora who really impressed us during the children's camp with her help and her desire to learn! At the end of the camp we decided to bless her with some money. The next day we met her and she was so happy to show us her new shoes and pants that she bought with "her money", that she owned. Also her parents asked her for the money, but she told them that she had made a promise that she would buy something for herself and she wanted to keep her promise... even to the point that she had a fight with her father about it, but she was able to stand for what she believed. We really pray that God will keep her safe and that she will become a light in her family and community!

## Next newsletter

Keep in touch with us and next news it will be about our community work in Danes and Rora from the last weeks!
