

Elion News Summer 2017

The summer is behind us, but we are so glad that we were able to visit Sasko's parents in Macedonia and rest as a family.

Today is our 14th wedding anniversary. We praise God for His grace and mercy in our lives and for all the wonderful things He has done for us and through us over the years. We are very grateful to you, as well, for all your love and support.

- Last weekend, Sasko had an opportunity to be a photographer at the CEF's celebration of 80 years of ministry in the world. After the conference, he also held a workshop on photography for the CEF team. The goal of the workshop was to encourage and train the team to take better photos for their ministry.

- Ira is, at this moment, working intensively on translating the first season of Superbook, in cooperation with CBN, and we hope and pray that these animated movies for children will be on TV in Serbia very soon. Our prayer is that lessons from these Bible-based animated movies will turn many hearts to the one true God.

This year, again, ELION Media has been invited to participate in the Media Leadership Summit, that will take place from October 20 to 26, organized by the MediAlliance and hosted by Dallass Baptist University. We decided to try and send Ira this year, as a representative for the ELION Media. Please pray to God that He will open this door and allow her to get the visa and everything else needed for this trip. She will have an interview at the American Embassy on the 6th of September at 8.15 am and we would really appreciate your prayers.

Abigail is getting ready to start her 7th grade in school this Friday, 1st of September and her prayer, every night before she goes to bed, is for God to help her have all As. She is growing up into a beautiful, godly girl who will at the end of this year become a teenager! Our prayer is that she will truly be the light among her peers and that she will draw closer and closer to God with every new step and every challenge she faces in school and life in general.

This past week was very painful for her, as she was suffering with a terrible toothache that her school dentist simply couldn't figure out why. After taking her to our dentist yesterday and doing some x-rays, we finally learned that she has a jaw hair fracture from couple of months ago when the metal part of the car seatbelt hit her over the mouth. Her tooth was hit, too, and the dentist isn't sure whether it got severed from the blood vessels and will slowly die or not. So, please pray with us that God will just heal her jaw and that the tooth is alive as it can be.

Teaching

Working with children's camp

Thank you, once again, for all your love and support. We are so blessed to have you all in our lives and pray to God that He will shower you with His blessings and strengthen you to live lives that continue to bring glory and honor to Him.

With all our love, Sasko, Ira and Abigail
