**INVESTING IN THE PRESENT,
CHANGING THE FUTURE!**

This summer it was amazing, full with a lot of action and a great input in all the 4 communities where Perspective Danes Project is pro-active! Kids and teens, adults and old ladies were the beneficiaries for all our work: kids and teens camps, medical help, community work, food packages, school supplies, day-trips, sport outreaches, building projects, support groups etc.

Together with more than 70 volunteers from countries like Holland, America, Switzerland, Germany or Croatia we shared love in many expressions for almost 500 people!
