We Thank God that Sabahat worked hard for develop Sunday school Ministry. She brings new ideas to teach the kids and all the parents are very glad to see their children performing on the stage at our Annual Christmas get together on 19th December-2021. It was really a great

celebration beyond our expectations and thinking and we have seen a great and Mighty hand upon us and our Ministry through your and some other partner's support. We served more than 100 people with food and other gifts asking them biblical questions. I preached the good news from Isaiah 9:6. It was a clear gospel message about the four divine names of Jesus Christ. Then challenge was how we can be a real Christian? Praise God 17 people from the congregation accepted the lord Jesus as their personal saviour.

Comments:

Sister Farzana: her two children are attending Sunday school, she was so surprised to see their kids performing on the stage, she expressed her heart before the congregation that she could not imagine about her kids that they can perform like that, but I am so thankful for Pastor Nasir and Sabahat for their hard working and commitment to teach my kids,

Brother Roshin: He said that I am so impressed to see the great achievement of Pastor Nasir and Sister Sabahat who were visiting time to time our homes and pushing us to send children into the Sunday school and they were doing like this as this is their job, they give Jesus to my kids and confident to speak before the crown. I pray that God bless them abundantly.

So many people came to say thanks for working on their kids.

“she said that she has nothing to eat at that day when she received the parcel. She cries out how God has helped her through us. She works into different houses to earn for her living and fee for her girls in collage. He daughter helped us to pack up gifts with Sabahat.

Sister Naseem: she is very poor because her husband is very sick, he went to work in a company, and from there he was bitten by poisonous flies. For 6 month he is on bed in a very bad condition. She is a good believer she said she was too much worried how they will spend their Christmas in miserable condition, but I thank God for pastor and his wife.

Brother Ashraf: being a childhood we are good friends and when I saw him paralyzed laying on bed, I was not unable to stop my tears. I remembered the time with brother Ashraf. I went to pray for him. Our God is God of miracles, he was not able even to move his left arms and leg. He shared the next day I am feeling better and now I can move my arm and leg slowly. Glory to God for his mercy and power.
