## MARCH

### 2022

Dear friends,

we are especially thankful to God because He is our support and our strength at all times! We have no words of thanks for the peace He leaves in our country and for His help, so that from His peace we may share with those who do not have peace in these difficult times.

These days we have counted 64 refugees who live here with us, enjoying the peace of our country, the peace we can offer here and the support in prayer for them and their families who are left home in Ukraine.

Wounded hearts, frightened children, who do not understand anything, destroyed mothers, helpless old people, men who do not find their purpose here... for all of them God has given us the strength and wisdom to be able to show them His love and to behave with them, so as He wants from us. Food and clothing boxes, blankets, diapers, hygiene bags and many other things were sent to the borders for those who are there to receive the help they need, but also for those who stayed in Ukraine and who do not have any support there.

Thanks to all of you who have given us your support, and your love, so that together we have been able to be a help in these times for these people. Thank you for the open heart you have shown and for your special generosity. May God reward you fully! With God's help and your considerable support, we have been able to offer:

#### Food for so many people ...

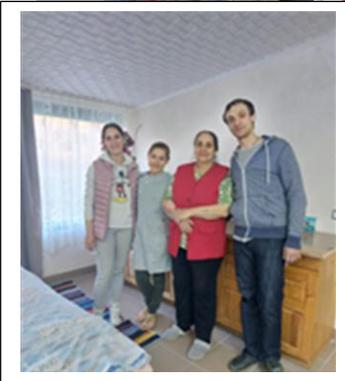

## Special events and activities

## Counseling and emotional support in life stories

The story of a lady who traveled for a few hours to see her mother is that when she wanted to return home, the bombing began, so they both went to the border together with only what they had on them. They were devastated, they were constantly crying, they were startled at every noise and they were afraid. We did not manage to calm them down and make sure they were in a safe area ...

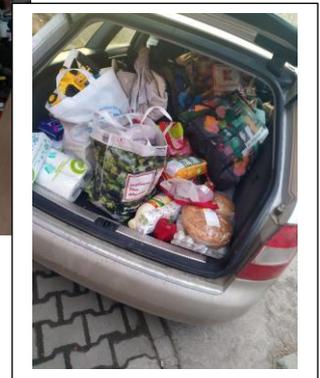

We received the first family of Ukrainian gypsies, who arrived at our border very scared, after they stayed in a basement hidden because of the bombings for a few days. They said there was nothing left around them. Another 20 Ukrainian gypsies are on their way to us next week.

... and last but not least... loaded cars and food transported and given to those at the borders and taken to Ukraine with all sorts of blessings for those left with nothing ...

From the border, someone told the story of a boy who, after traveling without eating for more than 40 hours, arrived at the border and received a croissant in his hand, from which he began to eat with the packaging, so hungry he was ... ☹️☹️☹️

May God leave his peace over Ukraine! May God give peace and confidence in the hearts of those who have been forced to leave their country.

God bless all those who are involved in this important work in one way or another!

May God reward everyone, as only He knows!

Please continue to pray for us, may God give us strength, wisdom, and patience in this work

Please pray that we can buy a minibus, because we don't have enough transportation, to go to customs to bring food there and bring people here.

In His Service, Florin and Paula
