

DINAH MADGE

Since summer 2020 Dinah (from Stratford-upon-Avon Baptist Church) has been working as a volunteer with Tijs and Jessica (AMEN partners) who have a ministry to show God's love to the Roma people.

I got back to Romania a few weeks ago. The following Thursday I went with Tijs and Jessica and their children to Oradea (three hours away from where we live) to visit a School which is Roma friendly. Jessica wants to do something similar in the village here.

We met up with Nicu (involved with helping Ukranian refugees as well) who started up the school and the headmistress and had a look round the school. The children joined painting in one of the classes while we talked and came back covered in paint so they obviously had a good time!

The next day we met up with Sorin who also has a ministry with the Roma people and was doing an outdoor event for children. Lots of games and a free McDonalds. Also Christian songs and Bible stories. A very busy weekend!

There was also time off and a visit to a water park and a walk in the country.

The next week was quiet as when I got back from Oradea my car tyre was flat as a pancake. It took a few days to sort it out. It ended up with Pete bringing some spares that he had all the way from Oradea to my place..... Too long a story to tell here !!!!! Anyway suffice to say I was a bit limited without a car.

I am back on the road now. On Monday I was helping Jessica prepare sleeping places for a mission team coming over from America on Sunday (19th).

The new sleeping accommodation is really taking shape and the barn has a roof and windows and doors, Just needs flooring. Then the bathroom and kitchen to update.

I have included some photos for you to enjoy. Please keep in contact.

Blessings, Dinah

- For the Mission team from America staying and working with us w/c 20th June
- For the plans for a nursery and using the information Nicu has provided to make a start
- The work on the barn, for safety and finances to do the job
- For Tijs who has trouble with his hips and is in a lot of pain which is really limiting what he can do
