

Latest news from Elion Media

Dear brothers and sisters,

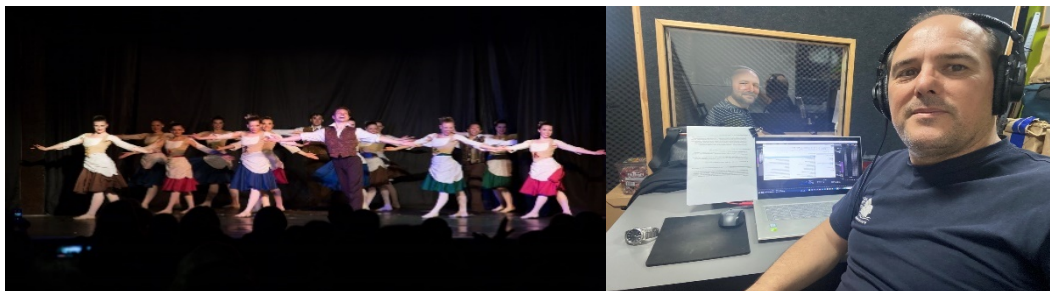

March was pretty busy time for us in the ministry. God gave us some wonderful opportunities to grow and serve. Sasko attended two excellent media events at the beginning of the month in Budapest. It was very encouraging to spend time with brothers and sisters from different countries and exchange experiences in ministry.

We also had opportunities to serve different organizations through audio and video production. Below are some of the projects we did.

Ballet Magnificat

Since their very first visit to Serbia, several years back, we have been supporting Ballet Magnificat in Serbia. On April 26 and 27, they will have two plays in Serbia and for that occasion we used our modest studio to record this year as well the audio narration that will be used in their play. We are very grateful to God for our partnership in spreading the Gospel over the years

CEF – Serbia

At the end of March, we recorded audio narrations for nine children's stories (4 hours) for Child Evangelism Fellowship Serbia.

Interview with two leaders of Pro-life ministries in Serbia

ELION Media Ministry wholeheartedly supports Pro-life ministries. We recorded an interview with two founders of Pro-life ministries in Serbia and prepared additional B-roll material that will be used for fundraising by the Pregnancy Network Center in America.

- Please pray for Saško's health. On the last ultrasound, they found a 13mm stone in his gall bladder and the doctor said it should be removed surgically as soon as possible.
- Please pray for Abigail as she is graduating on May 23 with final exams on the 25th and 26th and then the entry exam at the Faculty of Organizational Sciences in June, where she is planning on studying Business and Management.
- Please pray for Ira this week, as she is preparing a short message for this Saturday, at the Easter outreach event for women organized by two churches (Emaus and Kairos)

Thank you very much for your faithful prayers and support.

In Christ,

Sasko and Ira
