What the Day Care Centre offers:

Donation for AMEN (Tender Heart child sponsorship)

Tender Heart opened its first Day Care Centre in 2009 and is currently running six Day Care Centres thanks to the generous people who are sponsoring the children.

The Day Care Centres are for children of families living in poverty in the slums. These centres are changing children's lives and giving them a hope and a future. Tender Heart is hoping to open a seventh Day Care Centre. The need is so great and we are therefore asking people to sponsor child places at this new centre.

The cost of a place is £15 per month: this can be given by monthly standing order. Alternatively an annual donation of £180 can be made.

The sponsorship is for a child's place rather than an individual named child. All sponsors will receive a regular news-letter from Francis and Alison about the children and the Centre.

Tender Heart is the ministry of husband and wife team Francis and Alison Pidugu. Their vision is to see the "untouchables" of India – the Dalits – given a hope for the future.

Francis and Alison are seeing an amazing transformation in the children who attend their Day Care Centres. In order to expand the work, they are looking to raise sponsorship for more children.

Just £15 a month would provide:

- Uniforms
- Shoes
- Textbooks
- Day to day expenses

- Teacher's salary
- Stationery
- Snacks

Make your sponsorship go further. If you Gift Aid your donations, AMEN receives the tax back from the Government and all this is given to the Centre for the children's benefit

The Day Care Centre provides basic care and education:

- pre-school teaching (including reading, writing and maths) - Bible stories and songs
- Snacks
- school books, bag, lunch box etc
- basic health care

In addition there is assistance for parents:

- parenting skills
- health care
- Bible teaching

Francis and Alison have now been running the Day Care Centres for fifteen years and have seen the difference that education has made.

Kushi, a former student, is now working in a bank and another former student, Nisha, now has a job as a computer operator in a school.

Alison says: "The children at the Day Care Centres are getting really high marks in their entry exams for mainstream schools.

Schools are now very happy to take the children into their schools because of the good quality pre-school education that the children get in the Day Care Centre"

Profile of a student: Changing and transforming lives

Danamma is 5 years old and has been a student with us for 1 year. Her father is a self-employed carpenter so his income is not regular and her mother is a housewife. She has two older sisters who are now in a Government school.

Yashuvanth is 3 years old and has been a student since June 2023. His father is a farmer and his mother is a housewife. He has two older brothers who are now in a government school.

Both children enjoy learning and want to do well in their studies. Their favourite subject is English and they like ball games.

Their parents are very happy and grateful to Tender Heart for giving their children a chance to have a good education, where they can learn English. This will help the children to gain entry into government schools and eventually obtain good jobs to provide for their future and lift them out of the slums and poverty.
