

AMEN & FRIENDS

SATURDAY 1 Give thanks to God who never fails to answer prayers for funds for AMEN even if it means waiting. A few months ago, the general fund was low but through your prayers, we have seen a breakthrough, a sign that shows us that work done in God's way will not lack God's provision. Ask the Lord to help all our AMEN partners to be faithful in their work as well as their responsibility in reporting the fruit from their labours so that all involved will be encouraged, whether they are praying, volunteering or giving.

SUNDAY 2 The AMEN anniversary went very well - another answer to prayer. Thank God for around 50 who attended the event and those who were moved by the Lord and have responded in different ways. Pray they will continue to see their role in bringing the gospel to the ends of the earth and have exceeding joy in being part of AMEN.

MONDAY 3 More funds to support new SIKATT scholars mean we can help and minister to more and see more transformed lives from those who have no resources to finish their education and be saved. Unfortunately, other young people have been ruined by drugs, gangs and violence in the slums. Zaldy & Ria, Philippines

TUESDAY 4 It was a great blessing to serve hundreds of flood affected families. Another answer to prayer was the release of two people who were in bondage due to their debts with a brick kiln company. We will soon start a business for them so that they can earn their living in a fair and honourable way. N & S, South Asia

WEDNESDAY 5 We appreciate your ongoing prayer regarding our need to buy a house as a meeting place so as to avoid paying rent which causes problems with the landlord when we engage in the work of the gospel. We need wisdom from the Lord so that we approach it in the best way possible. We need his gracious provision. S & B, South Asia

PRAYER UPDATE

NOVEMBER 2025

Rekka and Harini passed with high marks, commencing year 11 in a new higher secondary school. *J. Paul, El Shadai*

THURSDAY 6 One of the constraints to having more AMEN partners is the need for more trustees and others who can do some of the work. With the work load increase and with no paid staff, there is only so much the existing trustees can do! Please pray for suitable people who could become trustees – ideally some younger people.

FRIDAY 7 God is giving us many opportunities to minister the Word and to help out in practical ways onboard *Logos Hope*. The church meetings onshore with our teams were truly blessed in both Nassau, the capital of the Bahamas and in Virgin Gorda, one of the British Virgin Islands. We are onboard until Nov 25 and will be sailing to Antigua and Grenada before leaving. We value your prayers for our walk with the Lord so we can be useful for him. Gareth & Malou

AMEN & FRIENDS

SATURDAY 8 Truly, our God has been faithful to us in every step of this journey as we continue to run the race set before us in His mission. God has blessed us with dedicated missionaries who carry a deep burden for the villages and are committed to reaching them with the Gospel of Jesus Christ. We are moving forward with the vision to raise 7000 missionaries to reach the unreached villages across our nation. To strengthen this mission, we have now divided TN into 8 parts appointing zonal directors and are developing second-level leadership in each region. This structure will help us work more effectively toward fulfilling the vision God has given to VMM. David & Jeba, South Asia

SUNDAY 9 Thank you for praying for my newborn son Eleazer; he is getting better and God is healing him. Praise the Lord for the successful systematic theology lectures I gave last month. There were 5 churches in the island represented attending the lectures. Jerry & Gea, Philippines

MONDAY 10 Our daughter, Ariel Lev is spending Christmas with us, and we are already excited. Asher, our son, has been waiting long for a job opportunity. He's feeling frustrated and is learning to take things one day at a time. As a parent myself, I've always thought that love means that we have to stay together, that children stay in the family. But now I've learned that love also means letting go of our children, giving them up to the care of the LORD. They will have to relate with God in their own way as individuals. It is in this act of releasing that we will find the immense grace of God. Jannette is doing fine. She will be 60 this month. Please remember us as a family. Winston & Jannette, South Asia

TUESDAY 11 Continue to pray for our project of making clean water available and for a school in the M tribal community, that these pending projects will be provided for. And as their needs are met, they will grow in the knowledge and love of God who gives hope to those forgotten by society. N & S, South Asia

WEDNESDAY 12 Pray with us to support pastors through the issues that they're having - and that they will build community and connections with the people they meet at the prayer meeting. We are teaching and encouraging them to plant family churches where there are church closures and opposition. T & S, South Asia

PRAYER UPDATE

NOVEMBER 2025

A small group teaching session at the El Shadai Bible Club

THURSDAY 13 Praise God for 2 teams who went out into the streets of Sillinjarvi, in the power of the Holy Spirit, and spent over 5 hours with people, praying for them and seeing 7 healed and 2 who professed faith in the Lord Jesus. Dave & Rodica, Romania

FRIDAY 14 We have been fasting and praying and sharing the Good News to people who are new to the gospel. May the eyes of their understanding be opened and may they make a decision for Christ. My mother is praying and is strong in faith, even though she can no longer read the Bible. S & B, South Asia

SATURDAY 15 In each zone, we plan to purchase some land to establish a mission action centre. These centres will serve as places for daily prayer and missionary training programmes. In every district, we are currently training 120 missionaries, lay missionaries, one-hour daily missionaries, and Deborah teams (women of prayer and service). At present, we are renting buildings in each zone and have placed full-time missionary families to oversee the field ministries. God has given us these plans to sustain and strengthen the ministry that has been established over the past 25 years, so that we may focus more on reaping the great harvest of souls for the Kingdom of God. We humbly ask you to continue standing with us in praying and seeing the needs met in this great vision.

Santhosh & Eben, South Asia

AMEN & FRIENDS

SUNDAY 16 I had the opportunity to visit the mayor of Sabtang island and pray for her in her office. This island is the place where we are mentoring believers with a view to seeing a church planted. Jerry & Gea, Philippines

MONDAY 17 Every year we try our best to encourage and bless the grassroots pastors in the North. This year, we had almost 750+ pastors who registered, some coming from hundreds of kilometers away. Due to a potential threat from the authorities, we have changed the name of our prayer event into something that means "a prayer with suffering," while bearing the cross and self denial. Here are some verses that inspired us: 'And being in anguish, he prayed more earnestly' Luke 22:44; 'He offered up prayers and petitions with fervent cries and tears' Hebrews 5:7. Prayer is what we need the most and we don't believe anything happens without it. T & S, South Asia

TUESDAY 18 Praise God for His mercy and for sustaining us. Thank Him also for the opportunities he has given us and for the fruit of our labours. Our annual convention on the hills of Eggon where thousands come to meet God in worship, prayer and the Word, is going to be held Nov 19-23. Pray for God's mercies, success and for a great spiritual harvest and to once more be able to testify of how God supplied provisions for all the people coming. Naphtali & Gladys, Nigeria

WEDNESDAY 19 Our two teams in Cebu are doing well. Some of them will need to keep working on their support. I have recently brought another missionary to Cebu to help our church-planting work there. I want to see Cebu as a base from which trained teams will be sent to other provinces in the Visayas region to plant churches. Thank you so much for being with me as I continue to help plant churches, as I help take care of our missionaries and as I continue to train others. Winston & Jannette, Philippines

THURSDAY 20 We had our strategic planning in CWTP. I am involved in three departments, namely, Spiritual Formation and Member Care; Leadership Training, and Church Planting. All of these three big departments require time, writing, presence, teaching, coaching, raising funds and even travelling. Pray with me that the Lord will continue to bless our work and that he will provide for our needs. Winston & Jannette, Philippines

PRAYER UPDATE

NOVEMBER 2025

A joyful time for us was the baptismal service of some of the children. *J. Paul*

FRIDAY 21 More and more Christian families are finding it challenging to build a healthy home, often because a poor foundation has been laid from the start of the relationship. Pray for the reconciliation, restoration and reconstruction of broken marriages. Tassie, Nigeria

SATURDAY 22 I am having difficulty in writing, typing and holding things with my hands; I cannot even grip my bag tightly. I am a High School teacher and am facing these challenges due to the psoriatic arthritis affecting my body. Ria, Philippines

SUNDAY 23 Christmas is a season of love, joy, and giving. While many celebrate with abundance, there are thousands of families – widows, orphans, and the poor who struggle daily for food, warmth, and hope. This year, our mission is clear: to reach more than 2,500 people with the tangible love of Christ. Through prayers and support, we will share the Gospel of Hope with families across nations and ethnic groups. N & S, South Asia

AMEN & FRIENDS

MONDAY 24 A number of our AMEN partners are experiencing health issues ranging from weakness and diabetes to cancer. Most will have to pay for their treatment which is an added financial burden for them.

TUESDAY 25 Some of the young people we have met during school ministry have tested HIV positive – in some cases, this is the result of early sexual exposure. Pray for these young people to stay away from risky adventures that will endanger their lives and those of others. Tassie, Nigeria

WEDNESDAY 26 The girls in our sewing classes are learning with passion. Remember their need for education and their families' needs too.
N & S, South Asia

THURSDAY 27 We will be celebrating SIKATT'S 25th anniversary. We want to look back to the faithfulness of God over the years. The work started by my father, Pastor Joe, who is now in glory, has passed on to me and my husband, Pastor Zaldy. Ask the Lord to make this event special by speaking to those who have been blessed through the ministry and those who are already part of SIKATT. Pray for new partners who will not only give generously but who will go the extra mile, in faith, owning the vision and filled with passion to see the lost youth saved.
Ria & Zaldy, Philippines

FRIDAY 28 One of Satan's weapons against the church is to keep Christians ignorant of the scriptures and one way he does this is by discouraging many from attending Bible studies. Pray for a reawakened passion for studying the Word of God. Tassie, Nigeria

SATURDAY 29 We have to plan and budget for next year. We also have to organise our Christmas evangelistic activities. Please remember our ongoing need of a pastor and his family to be based in Sabtang island where we want to see a church planted. Jerry & Gea, Philippines

PRAYER UPDATE

NOVEMBER 2025

Other children in El Shadai have also progressed to their next school. *J. Paul*

SUNDAY 30 Praise God for what he has done for Aryan, a 6-year-old boy who was born with a hole in his heart when he was only two. Aryan's mother told us about his illness and how they had no money for his surgery. I took the boy to the government hospital out of compassion and shared his story with the doctor. The doctor was moved by the Lord and got Aryan operated free of charge. I am so happy to see Aryan. S & B, South Asia
