

AMEN & FRIENDS

SUNDAY 1 As the charity is expanding, keep asking for new donors. Thank God for those who give, who volunteer and like you, who pray.

MONDAY 2 Let us pray 2026 will be a year we all listen to Jesus and do his will. 'Behold, I am doing a new thing; now it springs forth, do you not perceive it? I will make a way in the wilderness and rivers in the desert'. My wife Rodica and daughter Sabrina will be in Romania while I will be in England. I will be ministering in my old home area while also having some catch up time with family and friends.
Dave & Rodica, Romania

TUESDAY 3 We held a graduation for those in the sewing class and are opening new classes; such skills help these women earn a living. Our impoverished brothers and sisters face so many difficulties: sickness, lack of a home, scarcity with food, clothing, being taken advantage of by thieves and by people who are better off and others who have bad intentions. Pray their faith will be deepened, discovering that the Lord is truly their Rock, Fortress, Deliverer and Provider.
N & S, South Asia

WEDNESDAY 4 Give thanks for the way the Lord sustains AMEN financially every month. Chris and Sharon are planning another mission trip with a team to South Asia. They need guidance from the Lord specially with the ongoing wars. Several airlines have stopped flying due to the recent bombings.

THURSDAY 5 In the Roma villages we have scaled back our aid significantly. The sense of entitlement had grown too strong and (at times) does not bear good fruit. We are less present in the villages for now but people know they can always come to us at the centre. And of course, where the need is greatest, we will certainly continue to be involved. We keep helping, but we do not want to create a dependency culture. We also see that many are finding their way to the centre, and in this way, we continue to give a little push in the right direction. We also believe that God asked us to take a few steps back. Tijs & Jessica, Romania

FRIDAY 6 I am hoping to have several projects edited and completed before the deadline. I need perseverance and God's guiding hand.

SATURDAY 7 The Lord has been doing great things in the north, bringing hope to the hopeless and strength to the weak. As more and more people come to faith, there is increasing opposition to those believers. There has been a growing tension, and many have been pushed out from where they live and, in some cases, not given access to water. Reports have been shared of local churches being locked down and families needing to get dirty water from a swampy area. Prayer is key and we believe we can change entire nations.

AMEN & FRIENDS

SUNDAY 8 We are so privileged to work alongside hundreds of grassroots pastors who continue to share the good news in the face of great opposition. Our brother R's persecuted church gathered in an open field last year to celebrate our Saviour's birth. Although he was beaten and put in jail, he continues to praise and worship the Lord. His hope is not to make a name for himself but to glorify God and tell others about the good news and the hope Jesus brings. T & S, South Asia

MONDAY 9 Will you join us in laying a foundation of prayer for projects that intend to draw people's hearts to his? It will require resources, guidance and encouragement to see these dreams become reality. I plan to meet a team of creatives for further discussions. H, USA

TUESDAY 10 By God's grace, our ministry among the poor, marginalised, and tribal communities continues to progress steadily. We have witnessed strengthened partnerships and increasing local church involvement. We are now meticulously planning further outreach and long-term engagement with a tribal community. It has been challenging to meet them and ensure these provisions are distributed being one of the only two tribal communities that continue to have a traditional king governing them. This makes the work both culturally sensitive and significant, requiring careful planning and respectful relationship-building. K & T, South Asia

WEDNESDAY 11 Ask for the Lord's provision and anointing on the 24 hours daily TV programme, the telephone counselling, the field work of missionaries, the admin and practical work of VMM. Remember the leaders in prayer. S & E, South Asia

THURSDAY 12 This month, we have our annual visit to Romania where Gareth will teach a course on a theology and history of mission. At the end of the month, he will speak on an Oak Hall trip to Malta. Planning is also taking place for possible visits to the USA as well as Australia and New Zealand in the first half of the year. Gareth & Malou, UK

FRIDAY 13 Give thanks to the Lord for His faithfulness during the whole of 2025: for our 16th wedding anniversary; for countless blessings and the work we were enabled to do over the year. Nasir & Sabahat, Pakistan

SATURDAY 14 Daniel (Indian) and Lovely (Filipina) recently got married and will be living in Mumbai. Ask God's help as they start their life together as a couple. Remember Lovely as she adjusts to life in a different country, culture and language. John Chacko, Daniel's dad, is struggling with the recent loss of his wife Asha. His eldest son Samuel and his wife Blessing are running the children's home with the guidance of his father John. They are former partners of AMEN. South Asia

SUNDAY 15 Baby Elias and his family are typical of many. Mama Dorina came to us at the centre with a desperate request for help. She is 18 years old and pregnant again with her fourth baby! Their house is 2.35 meters by 3.90 meters. Please continue to carry this little boy in prayer, as well as his parents. She also told us that the relationship with her husband is not the most loving. We see this often, as it is cultural and shows a lack of good upbringing. Pray that we can help them in the best possible way. The finances are still there to help this family, but above all, we desire His wisdom to know how to help them. Tijs & Jessica, Romania

AMEN & FRIENDS

MONDAY 16 Permanent volunteers are needed at the centre. The more help, the better for the kids and the more attention they can receive. For the past weeks we have had Raluca, who has joined us temporarily. Raluca has a broken arm and contacted us asking if she could be of help at the centre while she is recovering. Her help is certainly very welcome, and we hope that she stays with us. Tijs & Jessica, Romania

TUESDAY 17 Eleazer, our baby, was recently rushed to the hospital due to fever and chills. Myself and Gea, my wife and Khesed our daughter have also been ill. Please pray for our health as it is a frequent issue. The young people in our church are together working hard. They are clearing, cleaning, digging, building, erecting posts and doing other practical jobs to improve the new meeting place in Uyugan. Jerry, Philippines

WEDNESDAY 18 We are currently supporting a tailoring training unit aimed at empowering individuals, especially women, by providing them with practical skills for livelihood and self-sustainability. This initiative is creating hope and dignity through work. In addition, we are involved in assisting a marginalised community in the construction of a small meeting place which will serve as a space for fellowship, community gatherings, and spiritual encouragement. K & T, South Asia

THURSDAY 19 People in the tribe we are reaching out to are thirsty for the gospel and Jesus is working in their lives. We still need water pumps to be installed in their poor community. N & S, South Asia

FRIDAY 20 Our sons, Joel and Joy will be taking their final exams. May God grant them wisdom and knowledge. Sanjay & Bastine, South Asia

PE LUNCA youth meeting, Romania

SATURDAY 21 Praise the Lord for the successful time at the World Book Fair where 3 people came to know Jesus through that visit. Pray that their faith would grow and that they would get connected to other believers who will help disciple them. T & S, South Asia.

SUNDAY 22 Your intercession is needed for God to intervene in the volatile state of M. A, South Asia

MONDAY 23 "Give, and it will be given to you. A good measure, pressed down, shaken together and running over, will be poured into your lap. For with the measure you use, it will be measured to you." Luke 6:38. There are 25 pastors who are having difficulty in meeting their monthly needs - they too are serving among deprived communities. Ask the Lord to show them a way to see how his promises can be fulfilled. Remember also our persecuted brothers and sisters. N & S, South Asia

AMEN & FRIENDS

TUESDAY 24 The children at the centre are trying hard and have improved in many ways but their home situations are often the reason why they can suddenly become difficult and rebellious. They are constantly switching between life with and without structure and rules. Wisdom and love from the Lord are what we ask for. Tijs & Jessica, Romania

WEDNESDAY 25 Remember our plans for 2026. The teachers, the school and those who are helped; ministry workers; volunteers; pending projects such as a beauty parlour, computer training and the sewing school plus all the funds needed for the digital tools to run our Facebook and YouTube evangelism. N & S, South Asia

THURSDAY 26 Some followers of Jesus are in great fear of those around them, of their society and their own relatives, especially if they were to be seen entering the church, involved in prayer and above all, being baptised. Our work involves reaching out to the majority people in our state. Ask the Holy Spirit to give our brothers and sisters understanding on how to be free from fear, to be strong in the Word, in prayer and fellowship. We want it to result in ministry growth even as we travel from village to village. S & B, South Asia

FRIDAY 27 Continue to uphold Rani's health in prayer. She is always in pain due to her recent fall. A severe bus accident she had in the past injured her badly. J, South Asia

SATURDAY 28 I am having problems with my eyes and the doctor advised me to avoid computers and phone screens, even reading printed matters to rest my eyes. Awon, South Asia

SUNDAY 29 Ask the Lord's anointing and protection on Tassie and the Grace and Light team, the centre and their property. Naphtali and his team travel also to places in the north where attacks have happened. Nigeria

MONDAY 30 Our meals distribution programme continues regularly, reaching hungry individuals and families. This ongoing effort addresses immediate needs while also opening doors for relationship and compassion-driven ministry. All of these are made possible through faithful supporters like AMEN. We are also encouraged to see local church believers increasingly interested and involved in such outreach efforts. K & T, South Asia

TUESDAY 31 Give thanks to God for his protection on us, for a wonderful outreach to children and for the provision of blankets and mattresses from flood affected people in our country. N & S, South Asia
