TESTIMONIES OF BRETHREN

"I am new to the BGMI family and have only attended two anniversaries. I feel blessed that God called me at 18, protected me, and now allows me to serve in different ministries. I have witnessed how the church has grown from a small group to being filled with believers. I am grateful that God placed me here, kept me away from harm, and surrounded me with people who truly care for my spiritual life. All glory belongs to Jesus."

-Sister Ga

"I feel incredibly blessed to have attended the 10th anniversary, my first time joining this celebration. Serving as an usher brought me so much joy. Seeing everyone, youth and elders, work together, even staying overnight to prepare, made me realize how much BGMI truly feels like a family. I experienced God's love, the joy of serving, and the blessing of unity. These are moments I never expected, and I am so grateful to be part of this family."

-Sister Ella

"I found true joy in serving and preparing for the anniversary. I grew closer to the members and felt sustained strength despite the tiredness. I was amazed by God's provision and the huge turnout. Being part of the worship and offering songs filled my heart, and even in a crowd, God gives me peace. The joy of surrendering everything to Him is beyond compare."

-Sister Dani
