

AMEN & FRIENDS

WEDNESDAY 1 Thank God for Chopan Trust, Pakistan, serving Christian communities. Children and schools are struggling to survive. Through teacher trainings, the aim is to make both Chopan trust and the schools sustainable. A & K, South Asia

THURSDAY 2 Praise God that more than 100 pastors participated in the 'Anguish Prayer' in a neighbouring country. Our small library in the north is a central hub for us to share Christian resources, fulfilling the goal for it to be within reach of those who need it. We had been providing these resources for free or at a nominal cost, to further the impact of labourers. Each of these workers represent hundreds of thousands of people who will hear the Gospel for the first time in their lives. We are praying that the presence of God goes with them and before them. Every opportunity that we get to share is a chance to glorify God.
T & S, South Asia

FRIDAY 3 Pray for Ria and Zaldy (SIKATT)

1. The distribution of food packs to go smoothly and that people will know God sees their need.
2. SIKATT scholars' preparation for the new academic year.
3. Prayer time and fellowship with school principals.
4. Weekly Bible Studies bringing about a deeper relationship with Christ.
5. Wisdom and strength for volunteer teachers doing the weekend reading classes for the children.

SATURDAY 4 This has been a landmark season for us. We celebrated 30 years of HUB ministry, graduated students from HUB Bible School, dedicated the new Community Centre in Opovo, and continued with Camp Hope — completing three of seven planned camps this season. None of what you read in this update exists without people like you who pray, give, and believe alongside us.
Sladjan & Jaroslava, Serbia

SUNDAY 5 We embarked on an extensive mission trip to the island of Sabtang where our team carried out multiple ministries to reach every household possible. We conducted Vacation Bible School in Barangay Savidug and Centro. At the same time, other teams traveled to further 3 Barangays to distribute free copies of the Bible, conduct personal evangelism and perform Bible surveys in every single house in the municipality. Through this comprehensive mission, every family received God's Word and heard the Gospel message, creating new connections for future discipleship and ministry. Please remember those who were God's divine appointments. Jerry & Gea, Philippines

MONDAY 6 Our greatest need right now is to find a home where we can live and also have a small space for the ELION Media studio. We have been praying about this need for several years, However, despite all our efforts, we have not been successful. This search has become a burden. Our unsuccessful search for a home over the past several years has become an exhausting daily distraction from our ministry for our family. Please pray that God will reveal His will to us and that we may soon settle into the home He has prepared for us, from where we can continue serving Him. Saško and Ira, Serbia

TUESDAY 7 Pray for protection and provision over every staff, child and family of El Shadai, also for the children to excel in their studies.

WEDNESDAY 8 A new step, 'The Bible in Every Class Project', aims to strengthen spiritual formation in schools. Alongside our other programmes in Chopan, we have implemented seasonal and need based initiatives like textbook distribution, career counselling and Christmas support programmes. A & K, South Asia

THURSDAY 9 The educational sector is a crucial sphere of influence that Christians need to seize upon in order to instil Christian values in young people, but sadly, we have neglected this sector. Pray along with us that Christian lecturers, secondary and primary school teachers, would rise to the challenge. Thank God for seeing us through the first half of the year. Tassie, Nigeria

FRIDAY 10 I am involved with the shelter and day centre for elderly people as their social worker. It is a challenge to work here, but, it is also a blessing because many of them do not have a family visit. We are encouraging them to live a normal life, to socialise and to be part of the activities we are doing. Mia, Romania

SATURDAY 11 Praise God for both a good prayer retreat and a feeding programme for children. Continue to ask the Lord for funds to finish the construction of the church building, a strong structure in the midst of homes built with stilts. Winston & Jannette, Philippines

SUNDAY 12 By God's grace we had a wonderful programme for two sewing schools for women. 170 attended including 50 children. 37 women were given certificates and 13 received Bibles while a few shared their testimonies. We gave food to everyone. About 135 non-believers attended and all heard the Gospel. We want, above all, to thank our Almighty God for his mighty acts. As soon as we started our programme, rain began to fall, so we prayed together and the Lord at once stopped the rain; it only started again when everyone had reached their homes! R, South Asia

MONDAY 13 In December, construction began for the new life centre, and the building progress has moved faster than we expected. We are prayerfully hoping the new facility will be ready for use by February 2027. God has been so faithful in providing every step of the way. It has been wonderful to witness how the Lord has moved through the generosity of so many people to make this new centre possible. Give God thanks. F & A, South Asia

MONDAY 20 By the grace of God, we were able to conduct a mission outreach in the mountain region. Our team consisted of my wife and I, along with two believers from our fellowship. We were also joined by several local friends who assisted us in reaching the community. We thank God for the opportunity to serve these precious people and for the partnership of AMEN. Please continue to pray for the families we visited, that they may experience God's comfort, healing, provision and salvation. May the Lord continue to bless and expand this ministry among the mountain communities. KM & T, South Asia

TUESDAY 21 A young child from the brothels who had gone to a nearby school did not return home. She was never seen again. Was there a connection between the screams that were heard and the child's disappearance? Was she the one crying out for help? Is there hope? Tragically, a child's death was reported a few days later under mysterious circumstances. As the screams faded away, life moved on unchanged in GB Road. Pray Matthew 20:28 over stories like this and for justice for the innocent in these dark places. T & S, South Asia

MONDAY 27 There is luscious growth of vegetation from the agricultural supplies given to believers. Praise God! Ask for an abundant harvest. Naphtali, Nigeria

TUESDAY 28 During our recent mission trip, we met a pastor who with his family, had become deeply discouraged in their ministry. Due to years of hardship, isolation, and a lack of encouragement, they were almost ready to give up and leave the work altogether. In God's perfect timing, He led us to their home. We spent time listening to their story, praying with them, and encouraging them from God's Word. We were also able to provide some financial assistance to help meet their immediate needs. The pastor told us that our visit had greatly encouraged him and renewed his strength to continue serving the Lord. This experience reminded us that many ministers serving in remote and difficult areas often labour in loneliness and discouragement. They need not only our prayers but also our fellowship and practical support. Let us remember to pray for these faithful servants of God and encourage them whenever the Lord gives us the opportunity. KM & T, South Asia
