

## AMEN & FRIENDS

**SATURDAY 1** Praise God for the opportunity to share the Gospel with children in Quezon City through our weekly reading classes; for the provision of school supplies and hygiene kits that were distributed to the children; for our growing partnership with 'Elevate Youth' in discipleship and fellowship and for the active participation of our scholars in Bible studies and fellowship gatherings. Ria & Zaldy, Philippines

**SUNDAY 2** Give thanks to God for the lives of those who pray, give and volunteer in AMEN. Through many unnamed heroes, the work of all our partners in Africa, Asia and Europe is growing. Pray for new AMEN donors and for younger people to be involved in the charity.

**MONDAY 3** I collected a ton of donated food from Bucharest for a mission trip to churches in Chernovitz, Ukraine. We are ministering to the lost, traumatised and hurting. The coming months will mean more trips to Chernovitz, Odessa and Kharkov to serve with different people we have personal relationships with through partnering in feeding the desperate and through outreach. Prayers for team travel, unity and openness as to what Jesus leads us to do are appreciated. Dave & Rodica, Romania

**TUESDAY 4** As our AMEN trustees Chris & Sharon, Janet and Simon continue to run the charity with all its complexities, ask that grace, strength and good health may be their portion.

**WEDNESDAY 5** We praise God for his love and protection for my family and for his provision for 138 people we served at the medical camp we conducted. The people group living in the desert areas are committed to worshipping our Lord and we are seeing monthly provision for widows we are reaching out to. N & S, South Asia

### August 2026

Nasir & Sabahat with their sons, Joshua, Jerome and Jonathan. Joshua, was recently baptised.

**THURSDAY 6** We are committed to serving onboard Logos Hope until November. Because of the current cabin shortage, we are looking for onshore accommodation in Dublin and Cork preferably within walking distance of the ship. We will have a cabin from Cardiff until Liverpool. Ask the Holy Spirit to constantly teach us through his Word. We feel privileged to be involved in God's mission. Gareth & Malou, UK

**FRIDAY 7** We thank God for friends from other states who are standing with us in prayer. Our 24-hour chain prayer, "Heal Our Land," has become a unified voice reflecting our shared suffering and encouraging us to pursue a lasting solution. The ongoing crisis has disrupted the daily life of several students who are seeking financial assistance. Pray for continued faith and strength. We have set aside a day of fasting, planning, and seeking God's wisdom. A, South Asia

### August 2026

**SATURDAY 8** Praise God! I was able to visit a tribal group, preach the Word of God and give them some teaching on health care awareness. Their faith is growing stronger and we thank God for His work among them. S & B, South Asia

**SUNDAY 9** Ongoing ministry in the campus includes Ragland Bible School and the monthly refreshment with 3 days of Bible teaching and prayer for the missionaries coming back. We have 24/7 AMEN TV and are making preparations for a big evangelistic camp. VMM, South Asia

**MONDAY 10** I thank the LORD for the privilege of being able to teach the 5 missionaries-in-training. I did the 2nd part of 3 series of lectures on Christology. I will also be teaching Liturgy, Spiritual Disciplines, Hermeneutics (how to interpret the Bible), and Homiletics (How to preach). Winston & Jannette, Philippines

**TUESDAY 11** We are travelling to 2 major cities to do discipleship training and also hold a graduation ceremony for ladies who have finished their training in sewing together with those who have gone through the literacy school. N & S, South Asia

**WEDNESDAY 12** "The prayer of a righteous person is powerful and effective." James 5:16. Through seasons of joy and tears, victories and valleys, you stood with us in prayer. The journey is difficult and our strength small but your prayers carried us, strengthened our hearts, and reminded us that we were not standing alone. We are experiencing the sustaining grace of God through your precious partnership. JP & H, South Asia

**THURSDAY 13** In a neighbouring nation, the foundation work has begun for a simple and low-cost safe house with a library and a gathering venue for 'anguish prayer'. We are seeking partnership for this project which is intended to be a lighthouse of the Lord to surrounding hills, villages and impoverished communities that are severely affected by human trafficking. Evil strongholds have bound people in superstition and enslaved them in appeasement of demonic deities and flesh trade. T & S, South Asia

Fellowship, Pakistan

**FRIDAY 14** By God's grace we had a wonderful programme for two sewing schools for women where we distributed 37 graduation certificates. We saw 170 people attend the occasion which included 50 children and all were served dinner. Bibles were given to 13 women and a few shared their testimonies. Praise God! R, South Asia

**SATURDAY 15** I'm praying for my next steps, looking into doing theology studies after the ship and God's favour for the rest of my time on board. For my family back home, health, provision and safety. Ricky, Logos Hope

## AMEN & FRIENDS

**SUNDAY 16** Remember our persecuted brothers and sisters. We are planning to start some businesses to help those who have been freed from brick kiln slavery. Various options are being considered including raising goats, chickens and corn farming. N & S, South Asia

**MONDAY 17** July is our Nutrition Month. We hope to see our upcoming feeding programmes provide practical help to children and families in need. We want to see God's provision for food packs and hygiene kits to underserved communities. We know God can raise additional volunteers to help lead our campus Bible studies and disciple the next generation – let us ask him now.

Ria & Zaldy, Philippines

**TUESDAY 18** We will be in Cebu to visit our missionaries, encourage them, check on the construction of the church building in Talisay City as well as visit the communities of believers we have formed in the previous 5 years. I will also lead the 3-day prayer retreat there. In this regard, I would greatly appreciate your precious prayers. God bless you. Winston & Jannette, Philippines

**WEDNESDAY 19** Our brothers, who are farmers, have not been able to live above the poverty line due to the high cost of farming which cannot be recovered from the sale of their produce. Pray that our partnership with Albarka organic fertiliser will go a long way toward helping farmers improve their situation this year. Tassie, Nigeria

**THURSDAY 20** As Abigail starts a new chapter at college, she needs to adjust well to the more independent style of learning, meet other Christians with whom she can fellowship and build lasting friendships. We need God's guidance over the next 2 years, revealing his plan for her future. Francis & Alison, South Asia

**FRIDAY 21** Praise God! More than 35 teachers from 7 schools took part in monthly training and classroom coaching. As a result, more than 1148 children are now learning in classrooms where teaching is more active, engaging and enjoyable. A & K, South Asia

**SATURDAY 22** Give thanks to God that Joni's House has been completed. We believe this to be a place where God will be glorified and where his love is to be expressed in deep and practical ways. In the coming months, we plan to launch several ministries in Joni's House: a café, a church and a community centre. We value prayer for more volunteers who will serve families and support different activities and for the staff to have God's wisdom. Sladjan & Jaroslava, Serbia

**SUNDAY 23** Please pray for God's divine provision to sustain our village school Leimaroi Christian English School. My younger sister, Asem, serves as the principal of this mission school, where she and the teaching staff are barely receiving their full salaries. The school is facing a severe financial crisis. Twenty-five students from villages have been unable to pay their monthly fees. Their villages were tragically attacked and burned down, leaving families displaced with absolutely nothing. Because their parents rely on daily wages and cannot travel to visit, they cannot afford tuition. While our village church and kind individuals have successfully provided food to keep these children fed, local monetary resources are too limited to cover school fees. A, South Asia

## AMEN & FRIENDS

**MONDAY 24** We have new projects for the Christian community while attending to our ongoing projects such as the sewing centre, literacy schools and church planting.  
N & S, South Asia

**TUESDAY 25** I taught 12 students the 'Walk Through the Bible' course and the classes continued for two weeks. Praise God for giving me the opportunity to teach His Word.  
S & B, South Asia

Francis & Alison, South Asia

**THURSDAY 27** This month, we will reach out to 2 community groups in our state. We desire to see the Lord open doors and grant us an effective outreach. A, South Asia

**FRIDAY 28** One of the women who was awarded a sewing machine could not come to the graduation due to her husband's sudden death. During the graduation ceremony of the women in the sewing schools, we saw about 135 from the majority religion attend. They all heard the Good News of the Gospel, so keep them in your prayers.  
R, South Asia

**SATURDAY 29** We are actively seeking sponsorship from donors for Bibles. This support would enable us to acquire Bibles for the unreached masses in high persecution areas and cities where access to Bibles is severely limited. It is a choice between buying food or buying a Bible. Remember us and the team, for our safety and for provision. T & S, South Asia
